Revision: 08.04.2011

SECTION 1: Identification of the substance/mixture and of the company/undertaking			
1.1 Product identifier Trade name	2-Ethylhexyl acrylate		
Stock number: CAS Number:	L03854		
EC number: Index number:	203-080-7 607-107-00-7		
1.2 Relevant identified uses of the substance Identified use:	e or mixture and uses advised against. SU24 Scientific research and development		
	1.3 Details of the supplier of the safety data sheet Manufacturer/Supplier: Alfa Aesar GmbH & Co.KG		
Manufacturer/oupplier.	A Johnson Matthey Company Zeppelinstr. 7b		
	T6185 Karlsruhe / Germany Tel: +49 (0) 721 84007 280 Fax: +49 (0) 721 84007 300		
	Fax: +49 (0) 721 84007 300 Email: tech@alfa.com		
Informing department:	www.alfa.com		
1.4 Emergency telephone number:	Product safety Tel + +049 (0) 7275 988687-0 Carechem 24: +44 (o) 1235 239 670 (Multi-language emergency number) Poison Information Center Mainz		
	www.giftinfo.uni-mainz.de Telephone: +49(0)6131/19240		
SECTION 2: Hazards identification			
2.1 Classification of the substance or mixture Classification according to Regulation (EC) No 1272/2008			
GHS07			
Skin Irrit. 2 H315 Causes skin irritation.			
Skin Sens. 1 H317 May cause an allergic skir STOT SE 3 H335 May cause respiratory irrit			
Classification according to Directive 67/548/EEC or Directive 1999/45/EC Xi; Irritant			
R37/38: Irritating to respiratory system and s	kin.		
Xi; Sensitising R43: May cause sensitisation by skin cor	tact.		
R43: May cause sensitisation by skin cor Information concerning particular hazards for human and environment:	Not applicable		
Other hazards that do not result in classification	No information known.		
2.2 Label elements Labelling according to Regulation (EC) No			
1272/2008 Hazard pictograms	The substance is classified and labelled according to the CLP regulation. GHS07		
Signal word Hazard statements	Warning H315 Causes skin irritation.		
	H317 May cause an allergic skin reaction.		
Precautionary statements	P261 Avoid breathing dust/fume/gas/mist/vapours/spray. P280 Wear protective gloves/protective clothing/eve protection/face protection		
	P261 Avoid breathing dust/fume/gas/mist/vapours/spray. P280 Wear protective gloves/protective clothing/eye protection/face protection. P302+P352 IF ON SKIN: Wash with plenty of soap and water. P321 Specific treatment (see on this label).		
	P405 Store locked up. P501 Dispose of contents/container in accordance with local/regional/national/international regulations.		
2.3 Other hazards Results of PBT and vPvB assessment			
PBT: vPvB:	Not applicable. Not applicable.		
SECTION 3: Composition/information	on ingredients		
3.1 Substances CAS# Designation:	103-11-7 2-Ethylhexyl acrylate		
Identification number(s): EC number:	203-080-7		
Index number:	607-107-00-7		
SECTION 4: First aid measures			
4.1 Description of first aid measures After inhalation	Supply fresh air. If required, provide artificial respiration. Keep patient warm. Consult doctor if symptoms		
After skin contact	persist. Seek immediate medical advice. Instantly wash with water and soap and rinse thoroughly.		
After eye contact	Seek immediate medical advice. Rinse opened eye for several minutes under running water. Then consult doctor.		
After swallowing 4.2 Most important symptoms and effects,	Seek medical treatment.		
both acute and delayed 4.3 Indication of any immediate medical	No further relevant information available.		
attention and special treatment needed	No further relevant information available.		
SECTION 5: Firefighting measures			
5.1 Extinguishing media Suitable extinguishing agents 5.2 Special hazards arising from the	CO2, sand, extinguishing powder. Do not use water.		
substance or mixture	If this product is involved in a fire, the following can be released: Carbon monoxide and carbon dioxide		
5.3 Advice for firefighters Protective equipment:	Wear self-contained breathing apparatus.		
······	Wear full protective suit.		

Trade name 2-Ethylhexyl acrylate

SECTION 6: Accidental release measures		
6.1 Personal precautions, protective		
equipment and emergency procedures	Wear protective equipment. Keep unprotected persons away.	
	Ensure adequate ventilation	
6.2 Environmental precautions:	Do not allow material to be released to the environment without proper governmental permits. Do not allow product to reach sewage system or water bodies.	
	Do not allow to enter the ground/soil.	
6.3 Methods and material for containment		
and cleaning up:	Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust).	
Prevention of secondary hazards:	Ensure adequate ventilation. Keep away from ignition sources.	
6.4 Reference to other sections	See Section 7 for information on safe handling	
	See Section 7 for information on safe handling See section 8 for information on personal protection equipment. See Section 13 for information on disposal.	
SECTION 7: Handling and storage		
	Keen containers tightly cooled	
7.1 Precautions for safe handling	Keep containers tightly sealed. Store in cool, dry place in tightly closed containers.	
had a man of the state of the	Store in cool, dry place in tightly closed containers. Ensure good ventilation/exhaustion at the workplace.	
Information about protection against		
explosions and fires: Keep ignition sources away - Do not smoke.		
7.2 Conditions for safe storage, including an Storage	ny meonipatibilities	
Requirements to be met by storerooms and		
containers:	No special requirements.	
Information about storage in one common storage facility:	Keep away from heat and direct sunlight.	
storage facility:	Keep away from neat and direct sunlight. Store away from oxidizing agents.	
Further information about storage		
conditions:	Keep container tightly sealed.	
7.3 Specific end use(s)	Store in cool, dry conditions in well sealed containers. No further relevant information available.	
,		
SECTION 8: Exposure controls/person	al protection	
Additional information about design of		
technical systems:	Properly operating chemical fume hood designed for hazardous chemicals and having an average face velocity	
	of at least 100 feet per minute.	
8.1 Control parameters		
Components with critical values that require	e monitoring at the workplace:	
103-11-7 2-Ethylhexyl acrylate (100,0%)		
AGW (Germany) 38 mg/m³, 5 ppm 1(I);DFG, Sh, Y		
Additional information:	No data	
8.2 Exposure controls		
Personal protective equipment		
General protective and hygienic measures	The usual precautionary measures should be adhered to in handling the chemicals.	
General protective and hygienic measures	Keep away from foodstuffs, beverages and food.	
General protective and hygienic measures	Keep away from foodstuffs, beverages and food. Instantly remove any soiled and impregnated garments. Wash hands during breaks and at the end of the work.	
General protective and hygienic measures	Keep away from foodstuffs, beverages and food. Instantly remove any soiled and impregnated garments. Wash hands during breaks and at the end of the work. Avoid contact with the skin.	
General protective and hygienic measures	Keep away from foodstuffs, beverages and food. Instantly remove any soiled and impregnated garments. Wash hands during breaks and at the end of the work. Avoid contact with the skin. Avoid contact with the eves and skin.	
Breathing equipment:	Keep away from foodstuffs, beverages and food. Instantly remove any soiled and impregnated garments. Wash hands during breaks and at the end of the work. Avoid contact with the skin. Avoid contact with the eyes and skin. Maintain an ergonomically appropriate working environment. Use breathing protection with high concentrations.	
	Keep away from foodstuffs, beverages and food. Instantly remove any soiled and impregnated garments. Wash hands during breaks and at the end of the work. Avoid contact with the skin. Avoid contact with the eyes and skin. Maintain an ergonomically appropriate working environment. Use breathing protection with high concentrations.	
Breathing equipment:	Keep away from foodstuffs, beverages and food. Instantly remove any soiled and impregnated garments. Wash hands during breaks and at the end of the work. Avoid contact with the skin. Avoid contact with the eyes and skin. Maintain an ergonomically appropriate working environment. Use breathing protection with high concentrations. Check protective gloves prior to each use for their proper condition. The selection of the suitable gloves does not only depend on the material, but also on further marks of quality	
Breathing equipment: Protection of hands: Material of gloves	Keep away from foodstuffs, beverages and food. Instantly remove any soiled and impregnated garments. Wash hands during breaks and at the end of the work. Avoid contact with the skin. Avoid contact with the eyes and skin. Maintain an ergonomically appropriate working environment. Use breathing protection with high concentrations. Check protective gloves prior to each use for their proper condition. The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. Impervious gloves	
Breathing equipment: Protection of hands: Material of gloves Penetration time of glove material	Keep away from foodstuffs, beverages and food. Instantly remove any soiled and impregnated garments. Wash hands during breaks and at the end of the work. Avoid contact with the skin. Avoid contact with the eyes and skin. Maintain an ergonomically appropriate working environment. Use breathing protection with high concentrations. Check protective gloves prior to each use for their proper condition. The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. Impervious gloves Not determined	
Breathing equipment: Protection of hands: Material of gloves	Keep away from foodstuffs, beverages and food. Instantly remove any soiled and impregnated garments. Wash hands during breaks and at the end of the work. Avoid contact with the skin. Maintain an ergonomically appropriate working environment. Use breathing protection with high concentrations. Check protective gloves prior to each use for their proper condition. The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. Impervious gloves Not determined Safety glasses	
Breathing equipment: Protection of hands: Material of gloves Penetration time of glove material	Keep away from foodstuffs, beverages and food. Instantly remove any soiled and impregnated garments. Wash hands during breaks and at the end of the work. Avoid contact with the skin. Avoid contact with the eyes and skin. Maintain an ergonomically appropriate working environment. Use breathing protection with high concentrations. Check protective gloves prior to each use for their proper condition. The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. Impervious gloves Not determined	
Breathing equipment: Protection of hands: Material of gloves Penetration time of glove material Eye protection: Body protection:	Keep away from foodstuffs, beverages and food. Instantly remove any soiled and impregnated garments. Wash hands during breaks and at the end of the work. Avoid contact with the skin. Avoid contact with the eyes and skin. Maintain an ergonomically appropriate working environment. Use breathing protection with high concentrations. Check protective gloves prior to each use for their proper condition. The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. Impervious gloves Not determined Safety glasses Face protection Protective work clothing.	
Breathing equipment: Protection of hands: Material of gloves Penetration time of glove material Eye protection:	Keep away from foodstuffs, beverages and food. Instantly remove any soiled and impregnated garments. Wash hands during breaks and at the end of the work. Avoid contact with the skin. Avoid contact with the eyes and skin. Maintain an ergonomically appropriate working environment. Use breathing protection with high concentrations. Check protective gloves prior to each use for their proper condition. The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. Impervious gloves Not determined Safety glasses Face protection Protective work clothing.	
Breathing equipment: Protection of hands: Material of gloves Penetration time of glove material Eye protection: Body protection: <u>SECTION 9: Physical and chemical pro</u> 9.1 Information on basic physical and chem	Keep away from foodstuffs, beverages and food. Instantly remove any soiled and impregnated garments. Wash hands during breaks and at the end of the work. Avoid contact with the skin. Avoid contact with the eyes and skin. Instantly remove any solled and impregnated garments. Wash hands during breaks and at the end of the work. Avoid contact with the skin. Avoid contact with the eyes and skin. Mintain an ergonomically appropriate working environment. Use breathing protection with high concentrations. Check protective gloves prior to each use for their proper condition. The selection of the suitable gloves does not only depend on the material, but also on further marks of quality and varies from manufacturer to manufacturer. Impervious gloves Not determined Safety glasses Face protection Face protection Protective gloves conting. Iquid Clear Liquid Clear Liquid Not determined. Not determined Addetermined. Not determined Not determined. Not determined. Not determined.	

Revision: 08.04.2011

Printing date 02.07.2013	Revision: 08.04.2011	
Trade name 2-Ethylhexyl acrylate		
	(Contd. of page 2)	
Solubility in / Miscibility with Water:	Not determined	
Partition coefficient (n-octanol/water): Viscosity:	Not determined.	
dynamic: kinematic:	Not determined. Not determined.	
9.2 Other information	No further relevant information available.	
SECTION 10: Stability and reactivity		
10.1 Reactivity	No information known.	
10.2 Chemical stability Thermal decomposition / conditions to be	Stable under recommended storage conditions.	
avoided: 10.3 Possibility of hazardous reactions	No decomposition if used and stored according to specifications. No dangerous reactions known	
10.5 Incompatible materials:	Oxidizing agents Bases	
10.6 Hazardous decomposition products:	Carbon monoxide and carbon dioxide	
SECTION 11: Toxicological information		
11.1 Information on toxicological effects Acute toxicity:	No effects known.	
LD/LC50 values that are relevant for classification:	No data	
Skin irritation or corrosion: Eye irritation or corrosion:	Causes skin irritation. Irritant effect.	
Sensitization:	May cause an allergic skin reaction.	
Germ cell mutagenicity: Carcinogenicity:	No effects known. The Registry of Toxic Effects of Chemical Substances (RTECS) contains tumorigenic and/or carcinogenic and/	
Reproductive toxicity:	or neoplastic data for this product. No effects known.	
Specific target organ system toxicity - repeated exposure:	No effects known.	
Specific target organ system toxicity - single exposure:	May cause respiratory irritation.	
Aspiration hazard: Other information (about experimental	No effects known.	
toxicology): Additional toxicological information:	Tumorigenic effects have been observed on tests with laboratory animals. To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.	
SECTION 12: Ecological information		
12.1 Toxicity		
Aquatic toxicity: 12.2 Persistence and degradability	No further relevant information available. No further relevant information available.	
12.3 Bioaccumulative potential 12.4 Mobility in soil	No further relevant information available. No further relevant information available.	
Additional ecological information: General notes:	Do not allow material to be released to the environment without proper governmental permits.	
	Water hazard class 1 (Self-assessment): slightly hazardous for water. Do not allow undiluted product or large quantities of it to reach ground water, water bodies or sewage system.	
12.5 Results of PBT and vPvB assessment	Avoid transfer into the environment.	
PBT: vPvB:	Not applicable. Not applicable.	
12.6 Other adverse effects	No further relevant information available.	
SECTION 13: Disposal considerations		
13.1 Waste treatment methods Recommendation	Hand over to disposers of hazardous waste.	
	Must be specially treated under adherence to official regulations. Consult state, local or national regulations for proper disposal.	
Uncleaned packagings: Recommendation:	Disposal must be made according to official regulations.	
SECTION 14: Transport information	,	
UN-Number		
ADR, IMDG, IATA	None	
14.2 UN proper shipping name ADR, IMDG, IATA	None	
14.3 Transport hazard class(es) ADR, IMDG, IATA		
Class	None	
Packing group ADR, IMDG, IATA	None	
14.5 Environmental hazards:	Not applicable.	
14.6 Special precautions for user	Not applicable.	
14.7 Transport in bulk according to Annex II Code	of MARPOL73/78 and the IBC Not applicable.	
Transport/Additional information:	Not dangerous according to the above specifications.	
SECTION 15: Regulatory information		
15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture Australian Inventory of Chemical		
Substances	Substance is listed.	
Standard for the Uniform Scheduling of Drugs and Poisons	Substance is not listed.	
National regulations Information about limitation of use:		
	Employment restrictions concerning young persons must be observed. For use only by technically qualified individuals. (Contd. on page 4)	
L		

according to 1907/2000/EC, Article 51		
Printing date 02.07.2013	Revision: 08.04.2011	
Trade name 2-Ethylhexyl acrylate		
Water hazard class: Other regulations, limitations and prohibitive ELINCS (European List of Notified Chemical Substances) Substances of very high concern (SVHC) according to REACH, Article 57 REACH - Pre-registered substances 15.2 Chemical safety assessment:	(Contd. of page 3) Water hazard class 1 (Self-assessment): slightly hazardous for water. regulations Substance is not listed. Substance is not listed. Substance is listed. A Chemical Safety Assessment has not been carried out.	
this information to ensure proper use and protec	supplement to other information gathered by them, and should make independent judgement of suitability of t the health and safety of employees. This information is furnished without warranty, and any use of the product a Sheet, or in combination with any other product or process, is the responsibility of the user.
